

## USER REGISTRATION PROCESS FOR MSME CREDITORS

Step 1	<ul style="list-style-type: none"><li>- MSME Creditors, that have furnished their details to MSME Samadhan Portal, can register with NeSL-IU as per the following procedure</li><li>- NeSL-IU has an API link with MSME Samadhan Portal</li><li>- This API of NeSL would fetch the details of such MSME Creditors from Samadhan Portal &amp; store in its database / tables</li></ul>
Step 2	<ul style="list-style-type: none"><li>- On fetching the details of MSME Creditors, NeSL-IU triggers email to such Creditors</li><li>- On receiving the above email, Creditor should click the link provided in the email</li><li>- The system takes the Creditor to a Screen, with 3 buttons viz., (1) New Registration (2) Login with UAN; and (3) Login with PAN</li><li>- Creditor can use any of these 3 options by clicking any one</li><li>- <b><u>In case it clicks on “New Registration”,</u></b> it would display the screen with Text Field, wherein it is required to enter the Unique Reference Number received through email</li><li>- Then Submit button needs to be clicked</li><li>- The system would auto-populate the Udyog Aadhaar Number &amp; also PAN, if available.</li><li>- In cases where PAN number is not auto-populated, he has to enter its PAN No. in the column</li><li>- Then Submit button needs to be clicked</li><li>- <b><u>NeSL-IU system checks whether the above PAN is available in its database (IU Registration Module) or not</u></b></li><li>- <b><u>In cases where PAN is found to be available in the IU Registration Module,</u></b> system would verify whether the PAN &amp; UAN are linked to each other and if they are linked to each other, based on the 4<sup>th</sup> character of the PAN, the system would route the User to the <a href="http://iu.nesl.co.in">iu.nesl.co.in</a> login screen meant for Entity or Individual.</li><li>- In cases where it is found that PAN &amp; UAN are not linked, Creditor has to link the Udyog Adhaar &amp; PAN by clicking “Link UAD &amp; PAN” button</li></ul>

	<ul style="list-style-type: none"> <li>- On completing the above linking, based on the 4<sup>th</sup> character of the PAN, the system would route the User to URL: <a href="https://iu.nesl.co.in">https://iu.nesl.co.in</a> login screen meant for Entity/ Individual.</li> <li>- <b><u>In cases where the PAN is found to be not available in the IU Registration Module</u></b>, based on the 4<sup>th</sup> character of the PAN, the system would be routed to Login Screen in our <a href="https://iu.nesl.co.in">iu.nesl.co.in</a> portal for Entity or Individual User Registration</li> </ul>
Step 3	<ul style="list-style-type: none"> <li>- <b><u>In case the User clicks on “Log in with UAN”</u></b>, the User is required to enter his UAN Number and click submit button</li> <li>- The OTP received on his mobile needs to be entered in the OTP text field</li> <li>- Then he would be prompted to enter his PAN &amp; click submit button</li> <li>- The system would verify <u>whether the User is already registered in our IU Registration Module</u></li> <li>- <b><u>If Yes</u></b>, the system would verify whether the PAN &amp; UAN are linked</li> <li>- If linked, based on the 4<sup>th</sup> character of the PAN, the screen would be routed to Entity or Individual Login Screen of <a href="https://iu.nesl.co.in">https://iu.nesl.co.in</a> module</li> <li>- If the PAN &amp; UAN are not linked, the User has to link his UIN and PAN by clicking on the Linking button</li> <li>- On successful linking of UAN and PAN, based on the 4<sup>th</sup> character of the PAN, the screen would be routed to Entity or Individual Login Screen of <a href="https://iu.nesl.co.in">iu.nesl.co.in</a> module</li> <li>- <b><u>If PAN is not registered in our IU User Registration Module so far</u></b>, the system will display and prompt the User to complete the User Registration Process by our standard procedure</li> </ul>
Step 4	<ul style="list-style-type: none"> <li>- <b><u>In case the User clicks on “Login with PAN”</u></b>, the system would display our usual login screen for User login</li> <li>- The user has to do Entity or Individual login by following NeSL usual standard process</li> </ul>
